DON'T JUST TAKE OUR WORD FOR IT

JENNIFER LAWRENCE • MARKETING DIRECTOR • NYSID

Raise awareness of what inclusion for a person with a disability really means, to be included in society. They could live where they want to live, they can spend their money where they live and that's really important. They are part of the economy, they are a taxpayer, it's just about being fully included at every level.

REBECCA CASE CAICO • DEPUTY COUNTY CLERK • MONROE COUNTY

Our core responsibility as the County Clerk's Office is the preservation of these important records for all of Monroe County. eBizDocs helped us fulfill our central mandate and bring old records, that were previously difficult to access and search, back into the light of day.
